Location reminders

Set a place — not a time. LyPinn nudges you the
moment you actually arrive.

1. Tie a task to a place

Type the chore. Pick the address. Set an arrival radius. That's the whole setup.

9:41

New reminder

Buy milk
Tomorrow morning

When I arrive at
Big Bazaar, Andheri W

Notify on arrival ☒

Snooze if I leave & return ☒

Auto-delete after fire ☐

2. You arrive.

We nudge.

The instant your phone enters the radius, LyPinn pings you. Lock-screen banner, sound — whatever your settings say.

Perfect for

Errand runs

"Buy milk at Big Bazaar." "Return library books at JN Library."
Place-based, not time-based.

Chores at the in-laws

Tasks pop only when you arrive — no day-long anxiety, no premature pings.

Routines (gym, work)

"Hit the gym" fires inside the gym radius. No excuses; phone makes sure you remember on-site.
